

Disclaimer to be used for Margin Call Notices and Portfolio Statements

All Collateral Pledged and MTM (Mark to Market) Exposures are as of the date of the Margin Call Notice or Portfolio Statement, as relevant ("Statement") indicated or at a particular point in time noted in this Statement.

Valuations of the underlying financial instruments referenced in determining the Amount Due Citi or the amount due to the Customer may be derived from a number of sources including but not limited to broker quotations or from proprietary models that take into consideration estimates about relevant present and future market conditions as well as the size and liquidity of the position and any related actual or potential hedging transactions. Although the information is derived from sources believed to be reliable, we have not assumed any responsibility to independently verify. Valuations, however, may not reflect all of the factors that are relevant in establishing a price quotation, and valuations based on other models or different assumptions may yield different results, some of which may be more favorable to Customer. Furthermore, a valuation does not suggest that a market exists for the relevant underlying financial instruments. Any of the valuations may be affected by our transactions either in similar or the underlying securities or other instrument(s) and/or be based on our own quotations.

Citi is not acting as Customer's advisor, agent, or fiduciary in providing this Statement. All valuations are provided on an "as is" basis and Citi makes no warranty, express or implied, with respect to such valuations. To the fullest extent permitted by applicable law, Citi expressly disclaims any responsibility and liability for (i) the accuracy of the models, market data input into such models or estimates used in deriving the valuations, (ii) any errors or omissions in computing or disseminating the valuations and (iii) any uses to which the valuations are put. In addition, reports may be available only periodically and with a delay and accordingly, where valuations may rely upon the most recently available information in such reports for a transaction, the valuation may be based on information that may not be current as of the Statement date. Under no circumstances will Citi be liable for any direct, indirect, incidental, special, consequential, damages or lost profits resulting from Customer's use of the valuation or any other information contained in this Statement, regardless of whether such damages could have been foreseen or prevented.

These valuations do not represent (i) the actual prices at which new transactions could be entered into, (ii) the actual prices at which the existing transactions could be liquidated or unwound or (iii) the calculation or estimate of an amount that would be payable following the designation of an Early Termination Date under Section 6(e) of any ISDA Master Agreement. Citigroup does not warrant that these valuations are representative of valuations that would be provided to Customer by other dealers and these valuations may differ from the prices Citi uses to value our positions on our books and records. This Statement is provided for information purposes in order to determine a "Call Amount" or "Return Amount" payable on the "Call Deadline" on the "Cash Settlement Date" and/or "Security Settlement Date", or similar terms as defined under an agreement negotiated between Customer and Citi (Citi Reference) and noted on this Statement. The information provided herein has been prepared specifically for Customer use only and the Customer should treat it as proprietary and confidential information of Citi. This information may not be shared or reproduced in whole or in part under any circumstances unless pursuant to an agreement with Citi to disclose and transmit this statement or transaction Data to an authorized service provider or recipient.

Where this Statement is sent via electronic means, Citi cannot be held responsible for any corruption or alteration of the data during transmission to the recipient. This Statement supersedes any similar information. Customer may have received orally or in other written or electronic format from Citi. By accepting this Statement you acknowledge the disclosure set forth above and agree to be bound by the disclaimers contained herein.

Please be advised that solely with respect to funds or other property provided to margin, guarantee or secure obligations under uncleared CFTC-regulated "swaps" (as defined in Commodity Exchange Act section 1a(47)) entered into on or after December 31, 2012, to the extent mandated by the Dodd-Frank Wall Street Reform and Consumer Protection Act, you will have the right to require segregation of such funds (other than variation margin) at an independent third party custodian. This notification is deemed repeated at the time of entry into each uncleared swap with Citi. If you would like to request segregation as described in this notice, or if you have any questions, please contact your Sales Representative or email DFQ@citi.com.

This Statement may include a description of a trade idea and/or trading strategy based on an assessment of current market conditions, which may change quickly. Derivative transactions, including swaps, give rise to substantial risk and are not suitable for all investors and/or market participants. In addition, any proposed transaction could have accounting, tax, legal or other implications. Prior to entering into any transaction, you should determine, without reliance on Citi, the economic risks or merits, as well as the legal, tax and accounting characteristics and consequences of the transaction and that you are able to assume these risks. There can be no assurance that any transaction or trading strategy discussed herein will not result in losses due to the unpredictability of markets, mistaken assumptions and/or other factors.

Section 4s(l)(4) of the Commodity Exchange Act requires that we report quarterly to certain counterparties that our back-office procedures relating to margin and collateral requirements are in compliance with the agreement of the counterparties. To the extent that you are covered by that provision, we hereby report to you that the back office procedures, if any, that we, in our discretion, have adopted are consistent with the margin and collateral requirements, if any, set forth in our Credit Support Annex with you, including rights, if applicable, for us to re-hypothecate, re-use, sell, pledge or otherwise dispose of the funds or other property that you have supplied to us to margin, guarantee or secure your obligations to us under uncleared swaps.
